

Health Guarantee

Wildwing Goldens

General Statements

All puppies have received their appropriate vaccinations and parasite treatments. In addition, we expect you to have your veterinarian examine the puppy within 72 hours of receipt of the puppy, and will not honor any claims made after that time except as noted below.

Hip Dysplasia

Failure to certify clear of hip dysplasia by the OFA before the dog is 26 months of age but not before 24 months of age, AND have a PennHIP Distraction Index of 50% or greater for the current breed median with DJD present after 18 months of age and before 26 months of age. If said dog has moderate or severe dysplasia according to OFA, PennHIP evaluation is not necessary. Should a dog be diagnosed dysplastic, you have the following remedies:

- The dog may be returned to us for replacement.
- The dog may be euthanized by a licensed veterinarian.
- *The dog may be spayed or neutered and kept by owner.

Hereditary Eye Defects

The dog must be examined by a veterinary ophthalmologist before 26 months of age. Should a dog be diagnosed with a hereditary defect, you have the following remedies:

- The dog may be returned to us for replacement.
- *The dog may be spayed or neutered and kept by owner.

*If **Buyer** chooses to keep said dog with the preceding conditions, a replacement puppy will be sold for half of the purchase price. Documentation from licensed veterinarian stating said dog has been spayed or neutered is required before guarantee will be honored.

Sub-Aortic Stenosis

The dog must be examined by a Diplomate of the American College of Veterinary Cardiology, with a color Doppler ultrasound. Should a dog be diagnosed with a hereditary heart defect, you have the following remedies:

- The dog may be returned to us for replacement.
- The dog may be euthanized by a licensed veterinarian.

Other Genetic Problems

All dogs must be examined by a licensed veterinarian before 12 months of age. Should your veterinarian, myself, and my veterinarian discover and concur on the existence of a genetic-specific defect, you have the following remedies:

- The dog may be returned to us for replacement.

Any animal with known defects or symptoms may **NOT** be used for breeding purposes.

This guarantee applies to the original purchaser only, and may not be assigned. You must select a replacement within 24 months of discovery or forfeit all rights.

This contract is not binding until it is signed by **Buyer** and countersigned by **Breeder**.
